The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Veterinary Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Respondent Phyllis C. Burch, D.V.M., (dob June 27, 1940), is licensed in the state of Wisconsin as a veterinarian, having license number 805-50, first issued on July 1, 1964 and current through December 14, 2015. Respondent's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is E15664 Vet Road, Hillsboro, Wisconsin 54634.

2. At all times relevant to this proceeding, Respondent owned and operated a veterinary clinic located in Hillsboro, Wisconsin.

3. On June 4, 2014, Department investigators conducted an announced inspection of Respondent's veterinary clinic.

4. The inspection, and subsequent interviews of clinic staff and Respondent, revealed the following:

- a. The customer lobby area of Respondent's veterinary clinic served multiple purposes to include patient examination, treatment, and patient recovery area.
- b. An exposed needle containing a partially dispensed veterinary drug was found unattended in the clinic's surgery room.
- c. Controlled substances were not properly secured nor was there a controlled substances log to track their receipt, use, and disposal.
- d. The clinic is available for business 24 hours a day, 7 days a week with the exception of Wednesdays.
- e. Respondent informed Department investigators that she works long days sometimes beginning at 7 a.m. and concluding the next morning at 2 a.m.
- f. Several containers of expired medications were comingled with containers of unexpired medications.
- g. The veterinary clinic was not maintained in a clean and sanitary condition. The most unsanitary area was the clinic's surgery room which had significant amounts of dried blood on the walls, floor, and surgery table. A piece of bloody twine was hanging from the surgery table, a partially used fluid bag was hanging and attached to a piece of tape with animal hair adhered to it.

5. Since the commencement of this proceeding, Respondent has been fully cooperative with Department staff.

6. On or about June 7, 2014, at the Department's request, Respondent voluntarily closed her clinic and has yet to reopen her clinic for business.

7. While the veterinary clinic has been closed, Respondent has taken the following actions:

- a. The entire clinic has been cleaned, sanitized, and organized.
- b. Respondent has removed all expired medications from the clinic.
- c. Respondent has developed a cleaning schedule for the clinic.

- d. Respondent has secured all controlled substances and has developed a controlled substances log that tracks the receipt, use, and disposal of controlled substances.
 - e. Respondent has invested thousands of dollars in upgrading her facilities and equipment to make the clinic easier to keep clean and sanitary (e.g., Respondent remodeled the clinic's surgery room to include washable walls and floors and replaced the surgery table made of wood with one made out of stainless steel).
 - f. Respondent has reevaluated her practice as a whole and has determined that a decrease in work hours is warranted.
 - g. Respondent has collaborated with local veterinarians to determine best veterinary practices and has identified colleagues who may be available for patient referral.
8. Respondent voluntarily underwent a fitness to practice evaluation performed by a health care professional approved by the Department.
9. The health care professional determined that Respondent is physically and mentally fit to practice veterinary medicine, but recommended reduced work hours.
10. On July 16, 2014, Department staff reinspected Respondent's veterinary clinic.
11. The inspection revealed that the deficiencies outlined in Finding of Fact, paragraph four, and the actions outlined in Finding of Fact paragraph seven, have been rectified and/or verified.
12. Respondent admits that she acquired too many patients and worked too many hours. As a result, she did not adequately maintain her clinic in accordance with the minimal standards set forth by the veterinary profession.
13. Respondent is passionate about the practice of veterinary medicine and often provides services at very low prices in the community. She immediately recognized the need to change the condition of her practice and is remorseful.
14. In resolution of this matter, Respondent consents to the entry of the following Conclusions of Law and Order.

Code § Phar 8.02.

5. By the conduct described in the Findings of Fact, Respondent Phyllis C. Burch, D.V.M., engaged in unprofessional conduct as defined in Wis. Admin. Code § VE 7.06(1) by comingling containers of expired medications with containers of unexpired medications.

ORDER

1. The attached Stipulation is accepted.

2. The professional veterinary license issued to Respondent Phyllis C. Burch, D.V.M., (license number 805-50), is SUSPENDED as follows:

SUSPENSION

A.1. Respondent's license to practice as a veterinarian in the state of Wisconsin is SUSPENDED for an indefinite period. The suspension is retroactive to June 7, 2014.

A.2. Respondent shall mail or physically deliver all indicia of Wisconsin Veterinary licensure to the Department Monitor within fourteen (14) days of the effective date of this order. Limited credentials can be printed from the Department of Safety and Professional Services website at <http://dsps.wi.gov/index.htm>.

A.3. Upon a showing by Respondent of continuous, successful compliance for a period of at least five (5) years with the terms of this Order, the Board may grant a petition by the Respondent under paragraph D.6. for return of full Wisconsin licensure. The Board may, on its own motion or at the request of the Department Monitor, grant full Wisconsin licensure at any time.

STAY OF SUSPENSION

- B.1. The suspension is hereby stayed, effective September 7, 2014. The stay is authorized because Respondent self-imposed a period during which she ceased the practice of veterinary medicine, commencing on June 7, 2014. During the Department's, July 16, 2014, reinspection of Respondent's veterinary clinic Respondent demonstrated compliance with the standards of the profession and rules regulating the veterinary profession. The stay of suspension shall remain in effect as long as Respondent complies with the conditions and limitations set forth in this Order.
- B.2. The Board or its designee may, without hearing, remove the stay upon receipt of information that Respondent is in substantial or repeated violation of any provision of Sections C or D of this Order. A substantial violation includes, but is not limited to, any violation concerning hygiene and sanitation, controlled substances and those articulated in Wis. Admin. Code § VE 7.06. A repeated violation is defined as the multiple violation of the same provision or violation of more than one provision. The Board or its designee may, in conjunction with any removal of any stay, prohibit the Respondent for a specified period of time from seeking a reinstatement of the stay under paragraph B.4.
- B.3. This suspension becomes reinstated immediately upon notice of the removal of the stay being provided to Respondent either by:
- a. Mailing to Respondent's last-known address provided to the Department of Safety and Professional Services pursuant to Wis. Stat. § 440.11; or
 - b. Actual notice to Respondent or Respondent's attorney.
- B.4. The Board or its designee may reinstate the stay, if provided with sufficient information that Respondent is in compliance with the Order and that it is appropriate for the stay to be reinstated. Whether to reinstate the stay shall be wholly in the discretion of the Board or its designee.
- B.5. If Respondent requests a hearing on the removal of the stay, a hearing shall be held using the procedures set forth in Wis. Admin. Code ch. SPS 2. The hearing shall be held in a timely manner with the evidentiary portion of the hearing being completed within sixty (60) days of receipt of Respondent's request, unless waived by Respondent. Requesting a hearing does not stay the suspension during the pendency of the hearing process.

CONDITIONS AND LIMITATIONS

Quarterly Inspections

- C.1. The veterinary license issued to Phyllis C. Burch, D.V.M., (license number 805-50) is LIMITED to require third-party inspections of Respondent's veterinary practices as follows:

- b. Respondent is responsible for obtaining preapproval of the third-party inspector from the Board or its designee.
- c. An acceptable inspector will, at a minimum, be a licensed veterinarian or other health care professional with demonstrated knowledge of requirements of the minimal competence for sanitation in a veterinary practice. The inspector shall not have any personal or professional relationship, past or present, with Respondent that could reasonably be expected to compromise the proposed inspector's ability to render fair and unbiased reports to the Department.

With the approval of the Board or its designee, the inspector may also serve as the professional mentor required in paragraph C.3.

- d. Respondent shall insure that, within fourteen (14) days of each inspection, the third-party inspector submits written reports of the inspector's findings to the Department Monitor.

- a. Within six (6) months of the date of this Order, Respondent shall successfully complete six (6) hours of education on the subject of legal aspects of controlled substances. The course(s) must be pre-approved by the Board's designee. Successful completion requires that Respondent take and pass any exam offered for the course(s). Courses taken without preapproval may NOT be used to satisfy the remedial education requirements of this Order.
- b. Within thirty (30) days of completion of the preapproved remedial education, Respondent shall submit proof of successful completion in the form of verification from the institution or organization that provided the education.

- c. None of the remedial education completed pursuant to this requirement may be used to satisfy any continuing education requirements that have been or may be instituted by the Board or Department.
- d. The Department shall remove this limitation from Respondent's license when Respondent has satisfied the Board's designee that Respondent has successfully completed the preapproved education.

Professional Mentor

The request for approval shall be accompanied by the mentor's current curriculum vitae and a letter from the mentor confirming that he or she has read the Final Decision and Order and agrees to undertake the duties of a professional mentor as set out in this paragraph.
- c. The professional mentor shall be actively engaged in the practice of veterinary medicine and shall not have any personal or professional relationship, past or present, with Respondent that could reasonably be expected to compromise the proposed mentor's ability to render fair and unbiased reports to the Department.

With the approval of the Board or its designee, the professional mentor may also perform the quarterly third-party inspections required in paragraph C.1.

- d. The Board's designee has the full and final authority to approve or reject a proposed mentor. This decision is based on an exercise of discretion and is not reviewable. The Board's designee may, for good cause, approve or direct a change in the professional mentor at any time.
- e. Every month, for a period of twenty-four (24) months, the mentor shall visit and inspect Respondent's veterinary practice, for the purposes of determining whether or not Respondent is maintaining the practice site consistent with the standards of the veterinary profession, including record keeping, limited practice hours and storage of controlled substances, if any.
- f. During the monthly visit, the mentor shall randomly select and review the charts of at least five (5) patients that have presented to Respondent in the preceding month. The chart review shall thoroughly assess whether Respondent's records are compliant with the rules and regulations of the profession and completed in a

timely manner. Records shall be assessed at the standard of minimum competence.

It is Respondent's responsibility to ensure the quarterly reports are submitted when due.

After the timely submission of eight (8) consecutive quarterly mentor reports, and with a written recommendation from the mentor expressly supporting the request, Respondent may petition the Board or its designee for modification or termination of any part of this limitation. Whether to modify the terms of this Limitation is in the sole discretion of the Board or its designee and is not reviewable.
